SUMMARY

Eager and adaptable recent Computer Science graduate seeking an entry-level position in reputed software company. Possesses a solid foundation in full-stack development (MERN stack) and a commitment to continuous learning. Ready to contribute enthusiasm, a strong work ethic, and a fresh perspective to your team.

PROJECTS

CS HUB (Mern stack)

🌐 <https://github.com/Gangadhar939/CS-Hub>

It is a mern-stack based web-based application for the students and faculties of RGUKT RK Valley Computer Science Department.

IIIT ADMISSION PREDICTION (Machine Learning)

🌐 <https://github.com/Gangadhar939/IIIT-Admission-Prediction>

It is a prediction system based on machine learning which predicts the percentage chance of admission in IIIT's for the 10th passed students. It is a web user interface through which student can enter his details to check his chance of admission

TODO APP (Mern stack)

🌐 <https://github.com/Gangadhar939/ToDoApp-mern>

It is a basic Todo app built using mern stack. In this app we can manage the tasks like adding, completing and deleting the tasks

QUIZ APPLICATION API (Spring boot)

🌐 https://github.com/Gangadhar939/QUIZ_APP_API_SpringBoot

This is an API designed using spring boot using which we can create quizzes based on category, manage the quiz and can get the result at end
